“ *In loving memory of Aunt Adele* □

Aunt Adele, you held such a special place in our family and in our hearts. Some of our dearest memories are of the times we all gathered together, brought close by our mother and our grandfather, who always made sure family stayed connected. Those moments shaped us, and they're woven into who we are.

Your warm heart was a gift to everyone who knew you. You had a way of making people feel loved, welcomed, and seen, and that warmth is what we'll carry with us always. We will miss you dearly, but the love and memories you leave behind will never fade.

Rest in peace, dear Aunt Adele. Until we meet again.

*Always,
Yolanda, Raelene, Fatima & family* ❤️
