“ *Millie it hurts losing you, you lived a selfless life and would have given the shirt off your back for anyone you loved. You would have slept on the floor for anyone who needed a bed. Your heart was gentle and kind and nothing was ever too much for you to give and you gave your best to everyone.*

I will forever miss you dearly, I will never forget on my first visit how you drilled me to remember your address in the event I got lost, and that's a US address that I can remember up to this very day.

Thank You for your guidance forever in my heart ❤️ love you always.

“ *In loving memory of Millie,*

Millie, you were not just a sister, but a cousin, a confidant, and a friend. In the tapestry of our lives, your presence was a thread woven with love, care, and unwavering support. Your selflessness knew no bounds, and your dedication to your family was a beacon of light that guided us through both joyous and challenging times.

Your kindness and generosity were boundless, and your love for us knew no limits. You always went above and beyond, making sure that nothing was ever too much to do for your family. Your actions spoke volumes, and your words of encouragement lifted our spirits in times of need.

As we gather to remember you, Millie, we are filled with gratitude for the moments we shared, the laughter we enjoyed, and the memories we created together. Your presence in our lives brought warmth and comfort, and your absence leaves a void that can never be filled.

We want you to know, Millie, that you were cherished, loved, and will always hold a special place in our hearts. Your legacy of love and kindness will continue to inspire us, and your spirit will live on in the stories we share and the memories we hold dear.

We love you, Millie, and we will carry your light with us always. Rest in peace, dear sister, cousin, confidant, and friend.

*With eternal love and gratitude,
Juanita aka Jenita*
