“ *I just found out about Dr Rick Wallace. Although I didn't know him personally, I knew he was a very kind and thoughtful person. “ All the way from Ohio, I learned of Dr. Rick Wallace from YouTube and was blessed to be apart of his classes and receive some help for a family member struggling with depression. All I can say is my condolences to the family and friends but real talk this hurts. But I do believe he died on “E” and lived on full. What an honor to have even known of him.

“ My heart is heavy from hearing the news. We just recently spoke and it rings like just yesterday like the great counselor you were. My friend. Ive head your speeches and saw your devout dedication to everything that you held so dear to heart. You GAVE YOUR BEST, now it's time to rest. I pray God is embracing your strong heart and give you so much peace that you're so deserving of. Until we see each other again,

“ Rick, Doc, Mr. Wallace made an insurmountable impression on me as a new resident of Houston. In 1 years time, he's imprinted so much wisdom, knowledge, experience and perspective on life's happenings and provided context to feelings that I never knew had a preexisting frameworks for. Rick was a savant that lead with his foundation as a Christian. This is a huge void for anyone that has met Rick.
