“ *Ms. Rose was one of my mentors while in the Radiology program. Sweet spirit and a kind soul. Not only did she know Radiology, she knew baking. I didn't mind being her taste tester. Life well lived. Rest..peace and blessings to the family.*

*Gwendolyn Alexander c/o 2002*

“ *Condolences to the McGinty family. Ms. Rose was a beautiful soul that mentored tons of radiology students. I will never forget the calm and patient way she guided me as I trained with her. She made a difference in the lives of many. R.I.P., Ms. Rose and thank you!*
